TERMS AND CONDITIONS OF SALE**

All goods and services purchased from the Company and any of its divisions are sold subject to the following terms and conditions of sale and these terms and conditions of sale shall prevail notwithstanding any other document, terms and conditions and/or anything else except a written agreement signed by the Customer and the Company, except only for such terms as are implied by or under any law and which cannot be excluded.

1. Price & Goods and Services Tax ("GST")

Prices may be altered without notice and all goods will be charged at the price ruling at time of order. GST and/or any other Government imposts whatsoever applicable to the supply of goods and/or services will be payable by the Customer.

2. Payment

- (i) Payment for goods purchased from the Company shall be made on or before delivery or in the case of Customers who have an account with the Company within 30 days from the end of the month of delivery.
- (ii) The Customer shall not be entitled to retain any money owing to the Company notwithstanding any default or alleged default by the Company including the supply of defective or allegedly defective goods or delay or alleged delay in supply.
- (iii) If payment is not made on time, the Customer shall pay interest to the Company on any amount owing at the rate of 3% above Westpac Banking Corporation's Business Overdraft Indicator Lending Rate.
- (iv) A certificate signed by a responsible officer of the Company shall be prima facie evidence of the amount owed to the Company by the Customer at the date of such certificate.
- (v) The Customer will pay to the Company without deduction or set-off all monies owing to the Company;
- (vi) The Company shall be entitled at any time to set-off any monies then or contingently owed to the Company by the Customer against any debt the Company owes to the Customer.

3. Default

If the Customer defaults in any payment, or if in the opinion of the Company, the Customer is unlikely to be able to meet its liability as it falls due then the Company may at its option:

- (i) Require payment forthwith of all amounts owing by the Customer to the Company, whether or not such amounts are then due for payment including without limitation, all interest, administration and collection charges and all legal costs and any payment by the Customer shall be first applied to such charges and costs;
- (ii) charge full list price for goods supplied without allowing discount;
- (iii) Terminate any contract or contracts in relation to goods which have not been delivered;
- (iv) Repossess any goods delivered to the Customer, payment for which has not been received.

4. Reservation of title

- (i) Property in any goods supplied by the Company shall remain the sole and absolute property of the Company as legal and equitable owner until the full purchase price for all goods supplied is received by the Company from the Customer.
- (ii) Risk in the goods shall pass to the Customer on delivery to the Customer or its agent.
- (iii) The Customer acknowledges that until payment in full to the Company for all goods supplied to the Customer by the Company, the Customer shall hold the goods as bailee for the Company and that the Customer has a fiduciary duty to the Company;
- (iv) The Customer irrevocably authorises the Company to repossess any goods supplied by the Company to the Customer, without any notice if the Customer fails to make any payment when it is due or if in the opinion of the Company the payment of any amount in respect of goods supplied by the Company is in jeopardy or the Customer commences to be wound up or is placed in administration or under official management or into liquidation or suffers a receiver and/or manager appointed in respect of any of its assets. The Customer in consideration of credit being given irrevocably authorises the Company to enter onto any land on which the goods are left and to which the Customer has a right of entry, to enter thereon and remove the goods.
- (v) When the Company retakes possession of goods pursuant to its rights hereunder the contract for sale between the Company and the Customer is thereby terminated and the Company has the right to sell such repossessed goods;

- (vi) Any monies received by the Customer in payment in part or in full for the goods supplied by the Company to the Customer shall be held by the Customer in trust for the benefit of the Company and payable to the Company until the Customer has paid for all goods supplied to the Customer by the Company;
- (vii) The Customer will prior to attaching any goods onto any building notify the owner of the building that such goods are subject to this reservation of title clause, except only as provided by law;
- (viii) The Customer releases and indemnifies the Company and its servants or agents from all claims for loss or damage caused by the Company or its servants or agents in enforcing or attempting to enforce its rights under this clause 4.

5. Caveat

The Customer hereby charges in favour of the Company as security for the Customer's obligations to the Company, all right title and interest in any land held now by the Customer alone or jointly with anyone or acquired by the Customer at any time hereafter. If the Customer defaults in payment of any amount owed to the Company, the Customer specifically authorises the Company to lodge a caveat against any dealings with any such property and appoints the Company to be the Customer's Attorney for this purpose.

6. Orders

- (i) Should there be any discrepancy between the order by telephone as recorded and processed by the Company and later confirmation is in writing by the Customer, the Company's record of telephone order shall prevail;
- (ii) The Company may at its absolute discretion refuse to supply goods where goods are unavailable for any reason whatsoever or credit limits cannot be agreed or have been exceeded.

7. Cancellations

Once an order has been accepted by the Company, the Customer can only cancel, vary or suspend the order (whether in whole or in part) upon the following conditions:

- (i) No cancellation, variation or suspension will be effective or recognised unless, and only to the extent, that the Company agrees in writing to such a cancellation, variation or suspension;
- (ii) The Customer agrees to accept delivery of all goods held by and all goods in transit to the Company in respect of such order.
- (iii) The Customer agrees to pay all costs expenses and liabilities incurred by the Company in consequence of the cancellation, variation or suspension of the order and accepts consequential delay.

8. Limitation of Liability

- (i) The Company may compute an estimate of dimensions and quantities of goods based on plans or other information given by or on behalf of the Customer. The Company does not accept any liability as to the correct computation of any such estimate and the estimate is provided to the Customer as indicative only and the Company is not responsible for any mistakes in the estimate. The Customer undertakes to check any such estimate and in any event accepts full responsibility for the dimensions and quantities of goods ordered as independently computed by the Customer without relying on the estimate.
- (ii) The Customer warrants to the Company that it will not rely on representations made and/or advice given by the Company or its employees in connection with the design, dimension, installation or use of goods sold and agrees that the Company shall not be liable for the consequences of any mistakes in such representation or advice whether made or given innocently, deliberately and/or negligently.
- (iii) It is a condition of sale that any description or specification given by the Company or in printed literature of the Company is for general indicative purposes only and does not render the Company responsible howsoever and whatsoever except to the extent that the goods shall comply with the standards set out in such description or specification and that such description or specification shall not be taken as implying or giving any undertaking as to fitness for any particular purpose.

- (v) The Company shall not be liable for delay in delivery of the goods or delivery of part(s) of the goods in instalment due to any cause whatsoever. The Customer shall not be relieved from any obligation to accept or pay for goods by reason of any delay in, or the instalment delivery of the goods. The Customer waives, foregoes, abandons and forgives forever any claim whatsoever the Customer may have against the Company unless it has strictly complied with the preceding notification requirements for the complaint and the claim.
- (vii) Any goods returned by the Customer will be held and/or disposed of by the Company on behalf of the Customer unless the return of the goods is preceded by the complaint and the claim in writing as specified in the preceding paragraph. The Customer must facilitate the inspection of the goods by a Company representative prior to return. The acceptance of any returned goods shall not imply any acceptance by the Company of the Customer's claim.
- (viii) If the goods are delivered by the Company to the Customer in a damaged state, The Customer must request the Company in writing for their replacement within 8 hours of the delivery of the damaged goods and the Customer must at the time of the delivery, specify in the delivery docket to be given to the deliverer that the goods are damaged and describe in the delivery docket the nature and extent of the damage.
